Save Middle Head Campaign

The Headland Preservation Group Inc seeks to:

The Headland Preservation Group Inc was re-formed in response to a **proposed large scale private development of an Aged Care Home** at the 10 Terminal site on Middle Head (Headland Park). At the same time, the Sydney Harbour Federation Trust is also proposing amendments to its own Management Plan (for the first time ever since it was written in 2007) so that the aged care proposal can proceed.

The proposal has been carefully studied by our group and also by people in the wider community (of all ages and backgrounds), many of whom were involved in the original battle to save these sites for future generations. It is not a proposal worthy of consideration and should not be approved in any form.

- Prevent private commercial development on public parkland.
- Find better adaptive re-uses that are consistent with the environmental, cultural and heritage values of Middle Head and other Trust sites.
- Establish a foundation to protect and support public foreshore parklands.
